Education

Monoux College (2019-2021) Courses:

- ♦ Mathematics (B)
 - ♦ Design Engineering and Construct (DEC) (B)
- ♦ Information Technology (Distinction*)

University of Westminster (2021-2024)

Objective

As an aspiring professional with a strong foundation in various programming languages and a keen interest in iOS mobile development, I seek a position to leverage my technical skills and collaborate in a dynamic broadcast setting. With proficiency in HTML, CSS, JavaScript, Java, Kotlin, Swift, and Python, I bring a versatile skill set. I am deepening my expertise in Unity game development and web applications using ReactJS and PHP.

My current focus is on iOS mobile development, where I am actively enrolled in the Apple Developer Program and developing applications to publish on the App Store. I am eager to contribute to innovative projects, enhance my collaborative skills, and drive impactful solutions professionally. I am committed to continuous learning and excited about the opportunity to grow within a forward-thinking organisation.
